Features:

Manufactured of 100% FDA compliant materials.

Stack for convenient storage and shipping.

Nests when empty for space saving.

Resists impact and moisture.

Will not splinter.

Smooth interior for easy cleaning.

Safe to use in refrigerated trailers, freezers, and storage coolers.

100% recyclable HDPE.

Suitable for direct food contact in Federally inspected plants.

Unique design allows liquid to drain away from container when stacked.

Ideal For:

Food Preparation

Agriculture

Catering

Manufacturing

Distribution

Storage

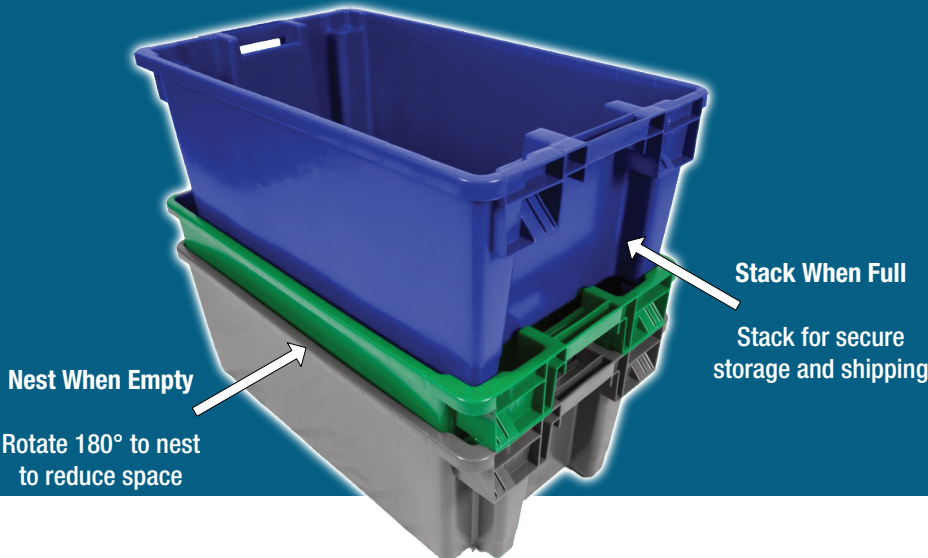

Work in Progress

Common Applications:

Seafood Storage and Transportation

Industrial Storage

Agriculture Harvesting

The Promplii C18702 is an exceptionally durable stack and nest container, designed for storage, distribution, and shipping. With its robust construction, this container offers the highest capacity within the stack and nest series. Key features include:

Sturdy Stacking: Exceptional stability when stacked.

Efficient Nesting: Rotating the container 180 degrees to nest for compact storage.

Easy to Clean: Smooth interior design facilitates effortless cleaning.

Canadian-Made Quality: Manufactured from 100% HDPE materials in Canada.

FDA Compliant: Constructed using only FDA-approved materials, meets stringent food safety standards.

Whether you're organizing supplies, transporting goods, or managing heavy items, the Promplii C18702 delivers reliability and practicality.
